Read Directions

DIRECTIONS FOR USE

Insert one SMS 300 + K-Mone Pellet into the hose-end applicator and apply to 12,000 ft² during hand watering or syringing once every month.

Follow up throughout the month with SMS 100 Pellets as needed for localized dry spots and general garden and turf watering. **See case label for complete directions for use.**

The flow of water through the hose-end applicator should follow the molded arrow.

NET CONTENTS: 8 ounces
